Sales volume New Zealand-wide decreased annually by 35% and here on the glorious North Shore we had a decrease of 43%. Although sales volume eased significantly, price growth remained moderate with the median sale price for the North Shore increasing 11.3% year-on-year.

As properties remain on the market for longer (the auction clearance rate is hovering around 50%), buyers are given more choice – resulting in prices easing and the sales volume decreasing. The median days to sell in April for the North Shore increased by 9 days to 41.

Well, that’s your update in a nutshell, happy to chat real estate or offer advice any time – 027441677.

Wishing you much fun on court.

LED UPGRADE UPDATE

Our new court lighting is shipping itself to us as this goes to print and the upgrad to LEDs should happen by mid-July thanks to Lumosa New Zealand.

This project would not be happening without the support of PubCharity with a \$20,000 grant and TAB with a \$10,000 grant. The remainder of the LED cost will be met by cash reserves, fundraising and member donations.

The upgrade to LEDs further cements Campbells Bay as the best club on the Shore!

LIFTETIME MEMBERSHIP AWARDED TO CATHY HOLE

In gratitude for her long service to Midweek Ladies activities in the Club over a number of years.

The club wouldn’t run without people like Cathy.
