Naj Hinguruduwa

JJ Tay

Steven Radford Basher

Sophie Wigley

Coach TBD

Latest Club News April 2024

> Club champ dates-are underway and a big thank you to Pandora for getting this organised. Good luck everyone.

Junior Club Champs: The draws are done and these will be overseen by Charlie Bartlett who coaches the teams.

> The annual head- to -head Kaipatiki Cup against Beach Haven club, the current holders, will be held at our club on Sunday April 7th from 1pm. Pandora is seeking more members to play for us. Email her on pandora@russellnz.net We have 12 confirmed so far. We especially need some of our best players as they will field a strong team, however it's all about a fun time- so please reach out to Pandora if you can play. Please bring a plate to share for afternoon tea and the canteen is open for drinks.

> A huge thank you to the North and South Trust, of which the "Postman's Leg" belongs to. They have generously donated \$7000 towards the cost of painting and refreshing our clubhouse. Gary Hall is the approved supplier and will begin in May- there will be considerable disruption to clubhouse use over this period. Please be considerate and adhere to Gary's H&S rules as he works his way around the task- there will be scaffolding to be wary of and some off-limits areas at certain times.

> As we move into autumn and shorter days, the floodlights will be in demand earlier in the evening. Daylight savings ends on April 7th. Can we ask that courts 1 to 3 are the first to be booked utilising the LEDs. Then overflow for the back courts and the more expensive to run halogen lamps are selected last. This helps cut down our electricity costs. Also, when using the roller to sop up extra water please follow the guidelines on the fence. No brooms to be used as we have just had the courts groomed at considerable expense and the sand has been evenly distributed over the courts as much as possible.

Thank you to our current sponsors, whose support we greatly appreciate.

Sandie for the committee
