

ITF[®]
World Tennis
Masters Tour

Dear Player,

On 26 July 2023, the ITF will be making important improvements to the World Tennis Number ("WTN") calculation to help ensure that players' ratings continue to be as accurate as possible. Read more [here](#).

What is the ITF World Tennis Number?

- A global rating system for all tennis players with a scale from 40 to 1.
- Since May 2022, the WTN has been used as part of the acceptance criteria for the ITF World Tennis Master Tour tournaments. The number is displayed to two decimal places on the Tour, for example 21.55.
- Throughout 2023, players gain entry based on ITF Ranking. For singles entry, where players do not have an ITF Ranking, WTN is next used to determine the order of acceptance
- Players must have a verified WTN which ensures a high-confidence level in a players rating based on the quantity of results data. Look for the blue tick next to your WTN to check this.
- Read the [ITF World Tennis Masters Tour FAQs](#) to learn more about how the WTN is used as part of the acceptance process, and how to find out your WTN.
