MISC

We're proud to announce our partnership with Babolat; a major global tennis brand known for it's excellent price-quality balance

What's in it for you?

Our collaboration with Babolat means that you can acquire all their tennis products with a discount via us. Whether that's a new racket or proper tennis shoes that'll ensure you have adequate grip on astroturf and enough support to prevent injuries. Or maybe you're looking for a fresh grip or some softer balls to play with your kids?

Every term, we will announce a 'materials week'. During that week we pay extra attention to the condition and suitability of your materials and we provide advice on how you can get more enjoyment out of your game.

When we announce our 'materials week', feel free to reach out to seek advice. We're there to help you make a good choice in whatever you need.

All prices will be well below the RRP. If you find the product for an even lower price somewhere else, we will match that price.

Curious? Feel free to ask for a browse through the product and price list.

DID YOU KNOW?

A racket usually has a life span of 3-10 years. It requires a restring and every 6-12 months to maintain power and control.

Tennis shoes are designed to withstand specific pressures and are crucial to enjoy a safe tennis game with plenty grip.

Always ensure your grip is fresh and tacky. A slippery grip will make you clench and cause bad technique and tennis elbows.

Babolat is renowned for its professional quality tennis equipment, used by many of the world's best.
