PLAYING ORDER

- Configure rankings grade will be used to determine basic playing order.
- A team cannot play a lower graded player ahead of a higher graded player. However, if players are within the same grade, their playing order for the fixture is at the discretion of the team captain. For example, a S9 graded player must play above a S10 graded player but if multiple players are graded S9 they can play in any order (irrespective of their ranking points within that grade).
- The club ladder no longer determines playing order, if it differs from configure rankings. To check the grades of your team go to <http://tennis.org.nz/GradingList.asp> and enter your club details.
- If you feel any of your team is mis-graded, contact the WTA promptly and we will consider a re-grade.

BAD WEATHER POSTPONEMENTS:

In the event of bad weather, the team captains need to contact each other to establish the chances of play commencing.

If a fixture is unable to be played on its scheduled day, the teams need to discuss the possibility of re-scheduling to another day. If every effort has been made but the fixture cannot be started or completed, the points will be shared.

RESULTS SHEETS

Use the official results sheets provided. Results need to be entered immediately into MatchHub. You can also send your results sheet to the WTA Interclub Convenor.

RESULTS ENTRY:

The winning team Captain is responsible for entering the fixture results online. It's important that results are entered, as they count towards competition points and as an individual player's ranking points.
